## 公司简介 Company Profile

深圳市伟创电气有限公司是一家专注于电气传动、工业控制、新能源等产品的研发、制造与服务的国家高新技术企业，致力于成为全球领先的工业自动化产品及系统解决方案供应商！

公司研发实力雄厚，产品体系完善，拥有自主知识产权和生产基地，并与著名院校和科研机构建立了深度合作关系，拥有110余项技术发明专利，且多项技术处于国内乃至国际领先水平。公司产品涵盖变频调速器、伺服驱动系统、光伏逆变器、PLC、HMI、自动化设备等。广泛应用于石油、化工、陶瓷、起重、机床、金属制品、电线电缆、塑胶、印刷包装、纺织化纤、冶金、煤矿、市政等行业。快速、准确的把握客户需求信息，为客户量身定制行业解决方案，帮助客户提升综合竞争力。

公司本着“振兴民族品牌、科技创新无限”的精神，在赢得市场的同时快速稳步地发展，在全国设立了40多个驻外办事机构和服务中心，产品行销全球，先后被评为“中国电气行业十大民族品牌”、“中国电气行业十大满意品牌”和“变频器行业十大国产品牌”等。受到广大客户的认可与赞誉，成为众多设备配套厂商的首选。

### Company Profile

Shenzhen VEICHI electric Co.,Ltd. is a high-tech enterprise, which is focusing on research & development, manufacturing and service of electric drive, industrial automation control and renewable energy products, also committed to becoming a global leading provider of industrial automation control products and system solution.

VEICHI is an enterprise with powerful strength in R&D and perfect product system with independent intellectual property rights and production base, and has sound cooperation with well-known universities and research institutions. Now VEICHI owns more than 100 technical invention patents and with technology of domestic and international leading level. VEICHI products cover frequency inverter, servo system, PV inverter, PLC, HMI, automation equipment, widely used in petroleum, chemical, ceramics, lifting, machine tools, fabricated metal products, wire and cable, plastic, printing and packaging, textile and chemical fiber, metallurgy, coal and other fields. With fast, accurate

sense of customer need, VEICHI helps customers to improve their comprehensive competitiveness by special industrial solution.

With spirit of “National brand revitalization unlimited technology innovation”, VEICHI is developing fast and expanding its market, VEICHI has set up more than 40 offices for sales and service. We are regarded as “Top 10 national brand in industrial field”, “Top 10 satisfy brand in industrial field”, “Top 10 Chinese brand in industrial field”. With the recognition and praise of customers, VEICHI products are becoming the first choice of most equipment manufacturers.

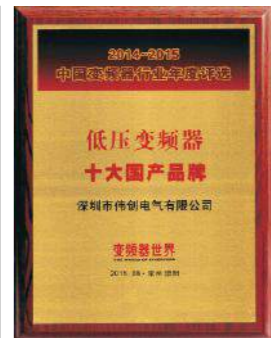

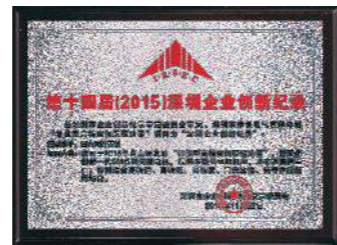

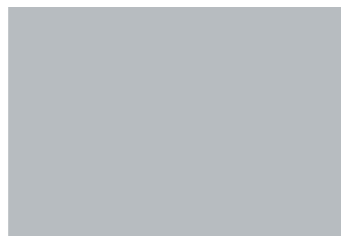

# 发展历程 Development History

 <p>2005年7月1日深圳市伟创电气有限公司正式成立</p> <p>同年推出AC32系列通用型变频器产品</p> <p><b>2005年</b></p>	<p>通过ISO9001:2000质量管理体系认证</p> <p>立项研发AC60系列增强型通用型变频器</p> <p><b>2006年</b></p>	<p>获深圳市高新技术企业认证</p> <p>AC60系列增强型通用型变频器上市</p> <p><b>2007年</b></p>	<p>公司搬迁到宝安石岩应人石文韬科技园</p> <p>获深圳市软件企业认证</p> <p>AC61/AC62/AC65专用型变频器上市</p> <p>立项研发AC20系列迷你型变频器。</p> <p><b>2008年</b></p>	<p>获电气行业“十大满意品牌”“十大民族品牌”殊荣</p> <p>AC20系列迷你型变频器隆重上市</p> <p>立项研发AC80高性能矢量型变频器</p> <p>营收首次突破亿元大关</p>  <p><b>2009年</b></p>	<p>通过ISO9001:2004质量管理体系认证</p> <p>变频器世界选为“最具成长性企业”</p> <p>获得“变频器十佳企业”殊荣</p> <p>AC80系列高性能矢量型变频器上市</p> <p>获得国家专利及软件著作权16项</p> <p><b>2010年</b></p>	<p>荣获“国家高新技术企业”</p> <p>荣获“变频器十大国产品牌”</p> <p>获得国家实用新型专利6项</p> <p>采用智能化办公系统</p> <p>AC60E系列高性能变频器研发上市</p>  <p><b>2011年</b></p>	<p>成立光伏事业部，进军新能源产业</p> <p>球磨变频一体机上市</p> <p>AC90张力控制专用变频器上市</p> <p>SF91、SF81注塑机伺服控制器上市</p> <p>SD600系列伺服系统开始研发</p> <p><b>2012年</b></p>	 <p>SD600系列伺服系统上市</p> <p>AC70矢量控制变频器上市</p> <p>施工升降机、塔吊产品上市</p> <p>伟创电气亮相上海世博会</p> <p><b>2013年</b></p>	<p>SD6X0电液伺服产品上市</p> <p>伟创VE系列PLC产品问世</p> <p>苏州工业园正式投入建设</p>  <p><b>2014年</b></p>	<p>苏州工业园开工建设并封顶</p> <p>AC80C高性能矢量变频器上市</p>  <p><b>2015年</b></p>
<p>Shenzhen Veichi Electric Co.,Ltd was founded on July 1, 2005.</p> <p>AC32 series general type products.</p>	<p>Obtained the ISO9001:2000 quality management system certificate.</p> <p>Initiated AC60 series frequency inverter R&amp;D project.</p>	 <p>Won Shenzhen high-tech enterprise certificate.</p> <p>AC60 series general type frequency inverter came to market.</p>	<p>VEICHI moved to Wentao Science and Technology Park,Shiyan Yingrenshi, Baoan district.</p> <p>Won Shenzhen software enterprise certification.</p> <p>AC61/AC62/AC65 special frequency inverters came to market.</p> <p>Initiated AC20 series mini frequency inverter R&amp;D project.</p>	<p>Won title "Top 10 satisfying brand" "Top 10 national brand" in electrical industry.</p> <p>AC20 series mini frequency inverter came to market.</p> <p>Initiated AC80 series high performance vector frequency inverter R&amp;D project.</p> <p>First year with sales turnover more than one hundred million RMB.</p>	<p>Obtained the ISO9001:2004 quality management system certificate.</p> <p>Voted as "the most promising enterprise"by "The World of Inverters".</p> <p>Won title "Top 10 frequency inverter enterprise".</p> <p>AC80 series high performance vector frequency inverter came to market.</p> <p>Obtained 16 national patents and software copyright.</p>	 <p>Won National high-tech enterprise certificate.</p> <p>Won title "Top 10 Chinese brand".</p> <p>Got 6 national utility model patents.</p> <p>Adopt intelligent office system.</p> <p>AC60E series high efficiency frequency inverter came to market.</p>	<p>Solar business department was founded to develop in new energy industry.</p> <p>Ball mill frequency inverter came to market</p> <p>AC90 tension control frequency inverter came to market</p> <p>SF91, SF81 injection machine servo controller came to market</p> <p>Initiated SD600 series servo system R&amp;D project</p>	<p>Sd600 series servo system came to market.</p> <p>AC70 vector frequency inverter came to market</p> <p>Construction elevator, tower crane control products came to market</p> <p>VEICHI showed up in China International Industry Fair in Shanghai successfully</p>	<p>SD6X0 hydraulic electrical servo control system came to market.</p> <p>VE series PLC came to market</p> <p>Suzhou industrial park came into construction</p>	<p>New plant in Suzhou industrial park was founded.</p> <p>AC80C high-performance vector frequency inverter came to market.</p>

荣誉认证  
Honors and  
Certificates

企业文化  
Corporate Culture

企业理念：  
Enterprise Philosophy

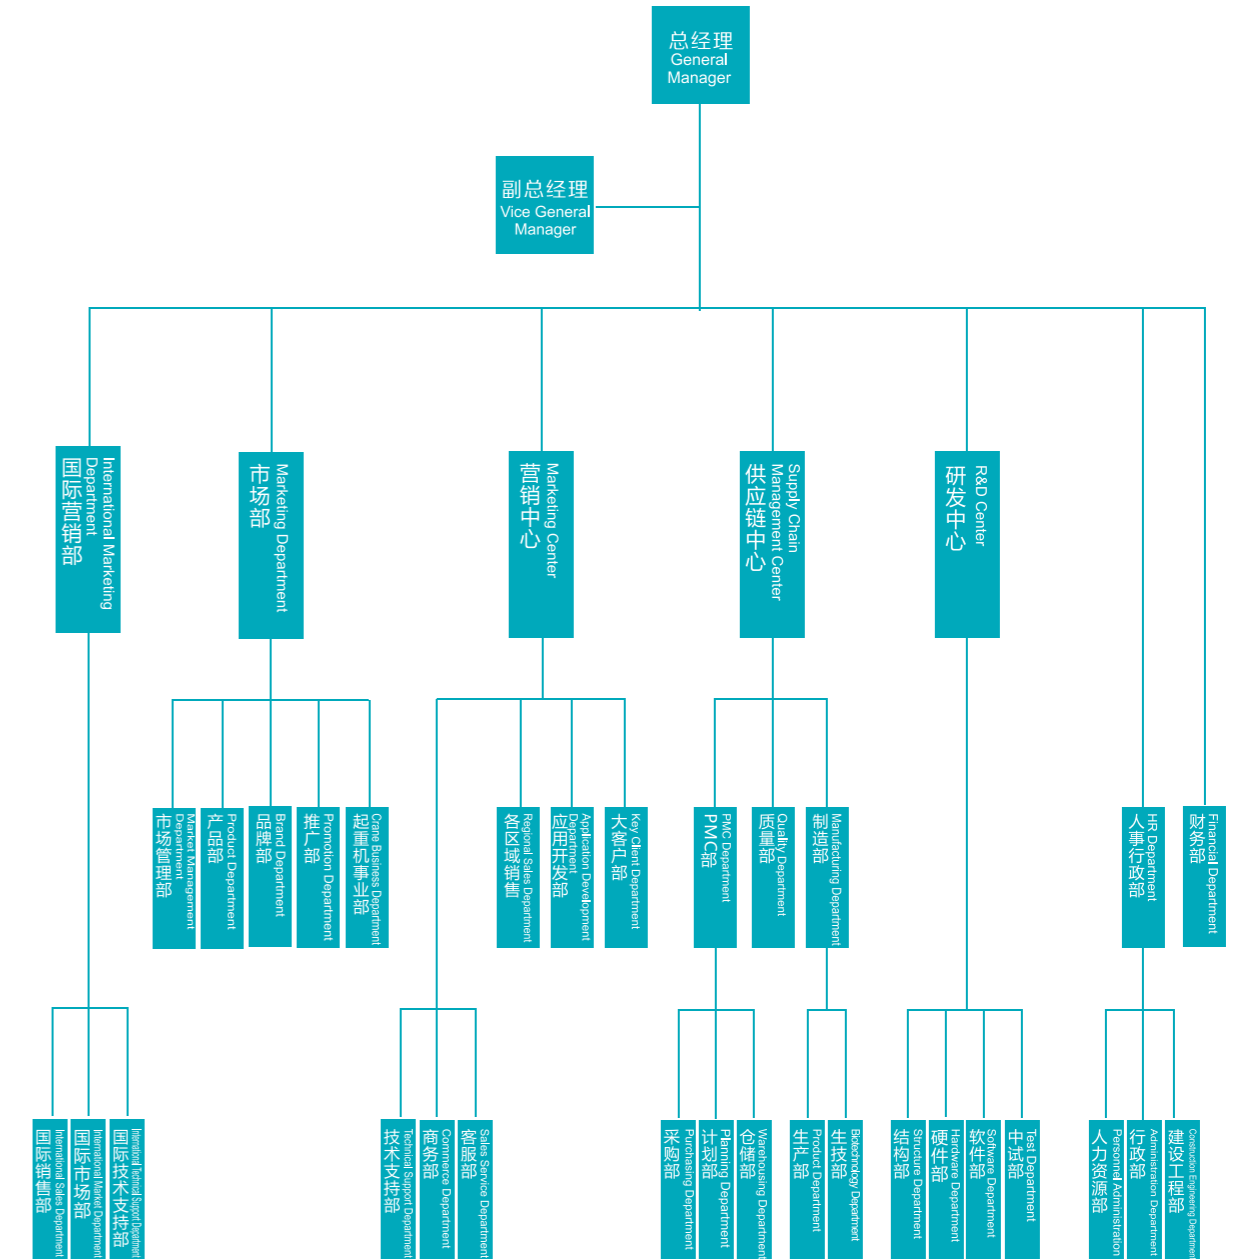

伟创文化：

1. 企业愿景：致力于成为全球领先的工业自动化产品及系统解决方案供应商！
2. 企业使命：用高质量的产品、优质的服务，让我们的公司成为全球知名和专业的工业自动化产品及系统解决方案的供应商。
3. 核心价值观：务实进取 专业敬业 不断创新 追求卓越
4. 我们的精神  
公司精神：公司本着“振兴民族品牌，科技创新无限”的精神，不断完善发展，共享科技美好明天。  
员工精神：专业敬业，用心去做，让客户感动！
5. 远大目标：提高我们产品在全球的行业地位，不断超越，让我们的品牌畅销全世界。
6. 核心战略：永远要把高质量、技术创新、客户满意放在第一位。

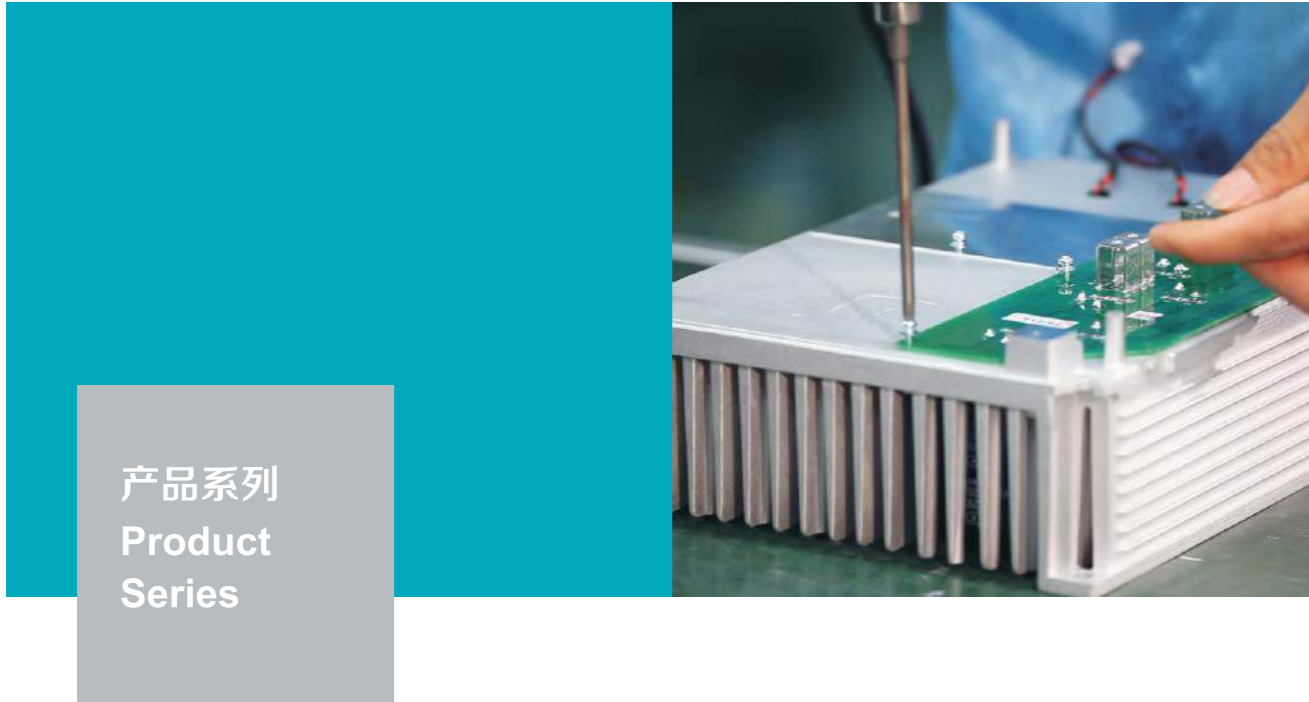

Veichi Culture:

1. Corporate Prospect: to become world-renowned industrial automation product and system solution supplier!
2. Corporate Mission: to become world-renowned and professional industrial automation product and system solution supplier by high-quality product and service.
3. Core Values: pragmatic, professional, innovative, excellent.
4. Our Spirit:  
Corporate Spirit: the spirit of the company 'national brands revitalization, unlimited technology innovation; keep improving and share science and technology for a better tomorrow.  
Employee Spirit: professional dedication, hard working, attracting customers.
5. Long-term Goal: to improve the industrial position of our product in the world and to become a worldwide selling brand;
6. Core Strategy: high quality, technological innovation, customer satisfaction are the top priorities of our company.

组织架构  
Company Structure

“伟创” 电气传动系列  
“VEICHI” Electric Drive Series

“伟创” 工业控制系列  
“VEICHI” Industrial Control Series

“伟创” 绿色能源系列  
“VEICHI” Green Energy Series

“伟创” 工业自动化系列  
“VEICHI” Industrial Robot Series

公司产品：

电气传动

低压变频器、中压变频器、高压变频器、专用变频器、软启动器、选配件

工业控制

伺服系统、电控系统、PLC、建筑机械、物联网、自动化设备、触摸屏

绿色能源

光伏逆变器、集成式光伏电站、直流配电逆变一体机

工业自动化

伟创选择性自动喷涂系统

Company Products:

Electric Drive

Low-voltage inverter, medium-voltage inverter, high-voltage inverter, special inverter, soft starter, optionals

Industrial Control

Servo system, electronic control system, PLC, construction machinery, networking, automation equipment, touch-screen

Green Energy

PV inverter integrated photovoltaic power plants, DC distribution inverter machine

Automation Industry

Automatic spray system

## 研发体系 R&D System

### 研发中心概况

#### 优秀人才

汇集了国内工业控制领域优秀的专业技术人才，目前共有技术人员110人，以博士和硕士为主导，本科及以上学历技术开发人员占90%。

#### 研发理念

伟创电气秉承“技术创新，不断超越”的研发理念，深入了解客户需求，以产品和技术服务于客户，为客户提供稳定，可信赖的产品。

#### 研发投入

持续的研发费用投入，在变频驱动器、伺服系统的研究开发，电气传动、工业控制、绿色能源以及工业机器人等方面投入了大量的资金，每年公司投入营业收入10%以上的研发费用。

#### 研发荣誉

研发中心获得“深圳市宝安区企业技术中心”称号，多个项目获得了深圳市政府高新技术项目奖励，2011年，被评为国家高新技术企业，伟创的研发实力进一步得到了认可。

#### 研发技术成果

公司拥有110多项专利，主要分布在电气传动、工业控制、绿色能源、工业自动化设备等方面。

#### 研发合作伙伴

公司与国内多所著名院校及科研机构建立了深度合作关系，不断推出有特色的专业系列产品。

### R&D Center Overview

#### Talents

There're many outstanding professionals and technical personnel of domestic industrial control area, and currently there are 110 technical staff; led by technical personnel with doctor's degree and master's degree, undergraduate and higher education technology staff account for 90%.

#### Research and Development Theory

The research and development theory of VEICHI Electric is 'technological innovation, keep improving', we are trying our best to provide customers with reliable products and service based on understanding of customer needs.

#### R & D Investment

Sustained investment in research and development cost; we are investing more than 10% of revenue per year on R & D expenses, mainly on variable frequency drives, servo systems research and development, electrical transmission, industrial control, green energy and industrial robot.

#### R&D Honor

R & D center was titled with ' Enterprise Technology Center of Bao'an District, Shenzhen ', a number of projects had been awarded with Shenzhen municipal government high-tech project awards, and in 2011, VEICHI was named the national high-tech enterprise, which means the R&D strength has been further recognized.

#### R&D Technological Achievements

The company has 110 patents in aspects like electrical transmission, industrial control, green energy, industrial automation equipment.

#### R&D Partners

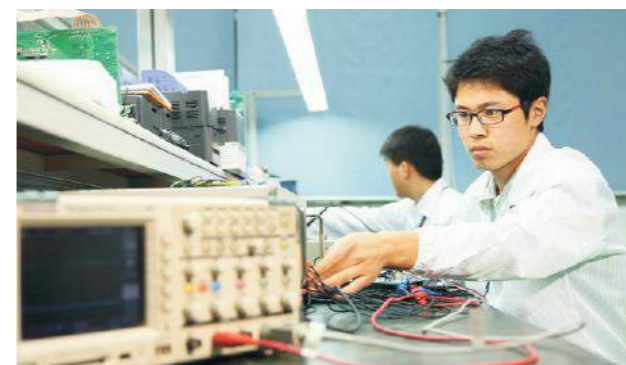

The company has established deep partnership with many domestic famous universities and scientific research institutions and has been introducing products with unique specialties.

### 专业的实验室

1个通用实验室；4个专业实验室：EMC实验室，电机性能测试实验室，可靠性实验室，现场应用实验室；

#### Specialized labs

1 general lab; 4 specialized labs : EMC lab, electrical testing lab, reliability lab, field application lab;

### 先进的设计理念

采用EDA设计理念，理论设计——仿真验证（热仿真，电路仿真，代码仿真）——样机实测。

#### Advanced Design Concepts

Using EDA design, design theory - simulation (thermal simulation, circuit simulation, code simulation) - prototype test.

### 先进的产品开发模式

采用IPD（集成产品开发）开发流程，高效，协同发展。

#### Advanced Product Development Mode

Using IPD (Integrated Product Development) development process, efficient and coordinated development.

# 制造与品质控制 Manufacture and Quality Control

自动化喷涂线、装配线、测试线、包装线、高温和常温老化室及先进的生产测试设备。

企业生产实行目标管理，严格按照生产流程及管理方法操作，极大程度的提高了生产效率。

Automatic spraying line, assembly line, testing line, packaging line, high-temperature and normal-temperature aging rooms and advanced production test equipment.

Production objective management, strict production process and management operations greatly improve production efficiency.

坚持品质第一的质量方针和理念；

从采购、设计、生产制造等环节严格按照ISO9001质量管理体系的要求执行。

高素质成就高品质，生产线员工100%大专及以上学历。

每一台产品，都具有唯一的产品编码，可以通产品追溯系统查询，品质可控可追溯。

Insisting on the policy and philosophy of quality first;

Strict implementation of procurement, designing, manufacturing and other sectors in accordance with the requirements of ISO9001 quality management system;

High-quality makes high-achievement; the employees on production line are 100% college degree or above.

Each product has a unique product code, which can be traced back through the system queries, and the quality can be controlled and traced.

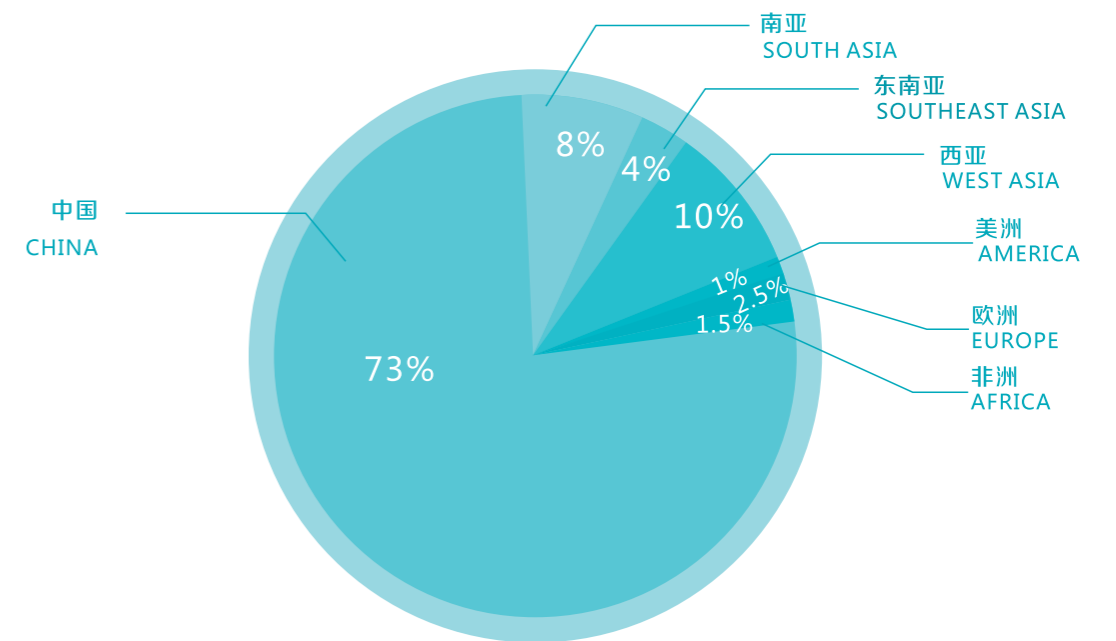

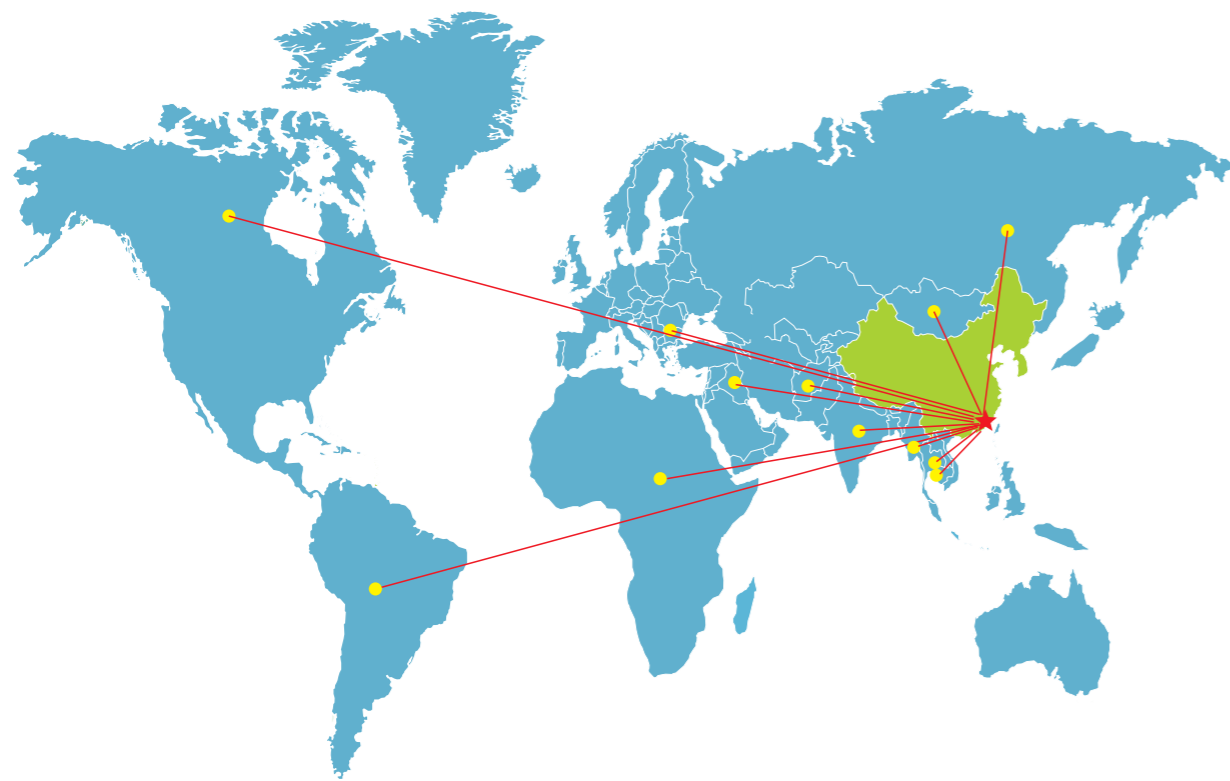

市场销售区域  
Market and Sales Area

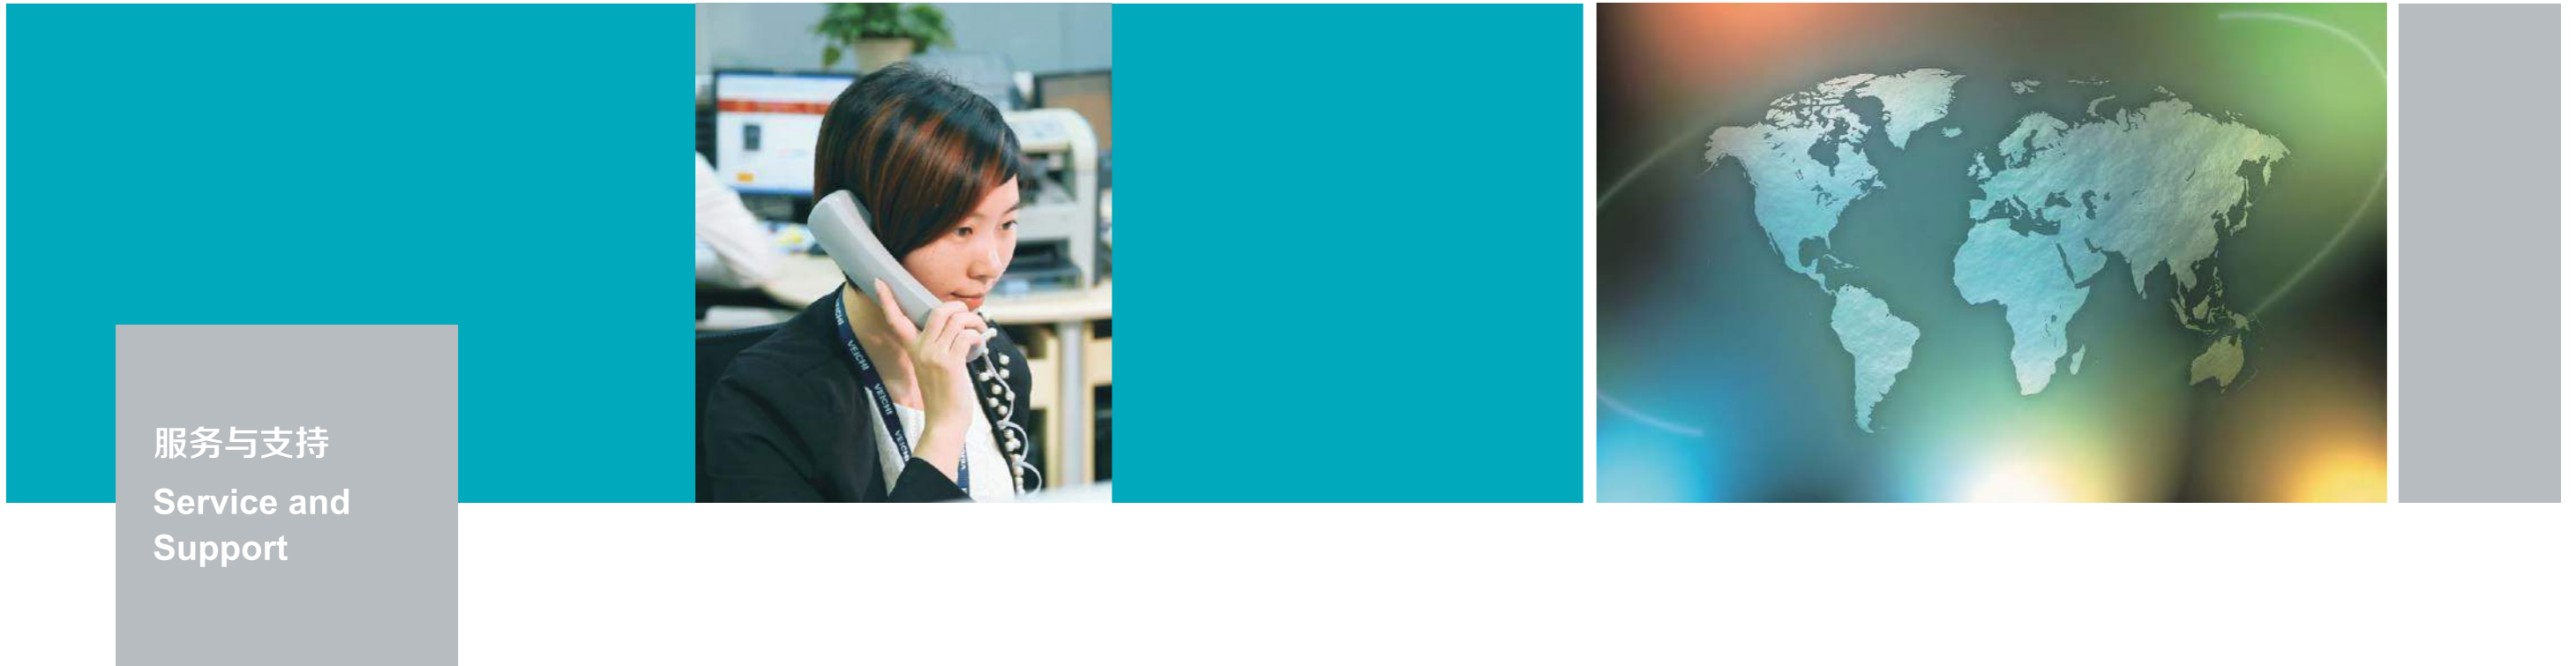

市场分布Market Distribution

公司在稳健中发展并迅速拓展市场，销售网络遍布全球，同时公司在全球各地成立了办事处或分支机构，组建了客户服务体系，推动各行业自动化控制水平。

VEICHI extends market rapidly with steady development, and has owned a worldwide sales network. Meanwhile, we set up local offices or branches all over the world and complete customer service system to promote automation control level in all industries.

服务与支持  
Service and Support

服务，是伟创电气的核心竞争力，我们的服务涵盖售前、售中与售后的各个环节。

Service is the core competitiveness of VEICHI, and our service covers all aspects from pre-sale to after-sale.

网络服务平台与电话服务双平台，实时掌握服务动态，尊享无忧服务，全心为您。

Web service and telephone service dual-platform, real-time control service dynamics; enjoy worry-free service, totally dedicated for you.

售前	技术推广、现场勘察 方案制作、节能评估	Pre-sale	Technology promotion, site inspection Program scheming, energy saving assessment
售中	量身定制、设计联络 安装调试、现场培训	Sale	Customized, design liaison Installation and commissioning, on-site training
售后	定期回访、定期维护 及时维修、用户培训	After sale	Regular visits, regular maintenance Timely maintenance, user training

行业领先的客户服务系统，随时掌控服务人员工作动态，监督服务质量，反馈服务态度，尊享无忧售后。

Leading customer service systems, dynamic control of the working condition of service personnel, monitoring service quality and feedback service attitude, enjoying worry-free after-sale service.

- 40 多个办事处及亚、非、欧等多个合作服务伙伴  
More than 40 offices and many cooperative service partners in Asia, Africa, Europe, etc.
- 24 小时技术支持与售后服务支持  
创新科技，服务领先  
24-hour technical and after-sale service;  
Innovative technology, leading services
- 4 快速响应，四小时内给出具体解决方案  
4 fast response; providing specific solutions within four hours
- 5 大仓储中心，全国物流配送，快速省心  
5 large storage center; national logistics and distribution, fast and easy

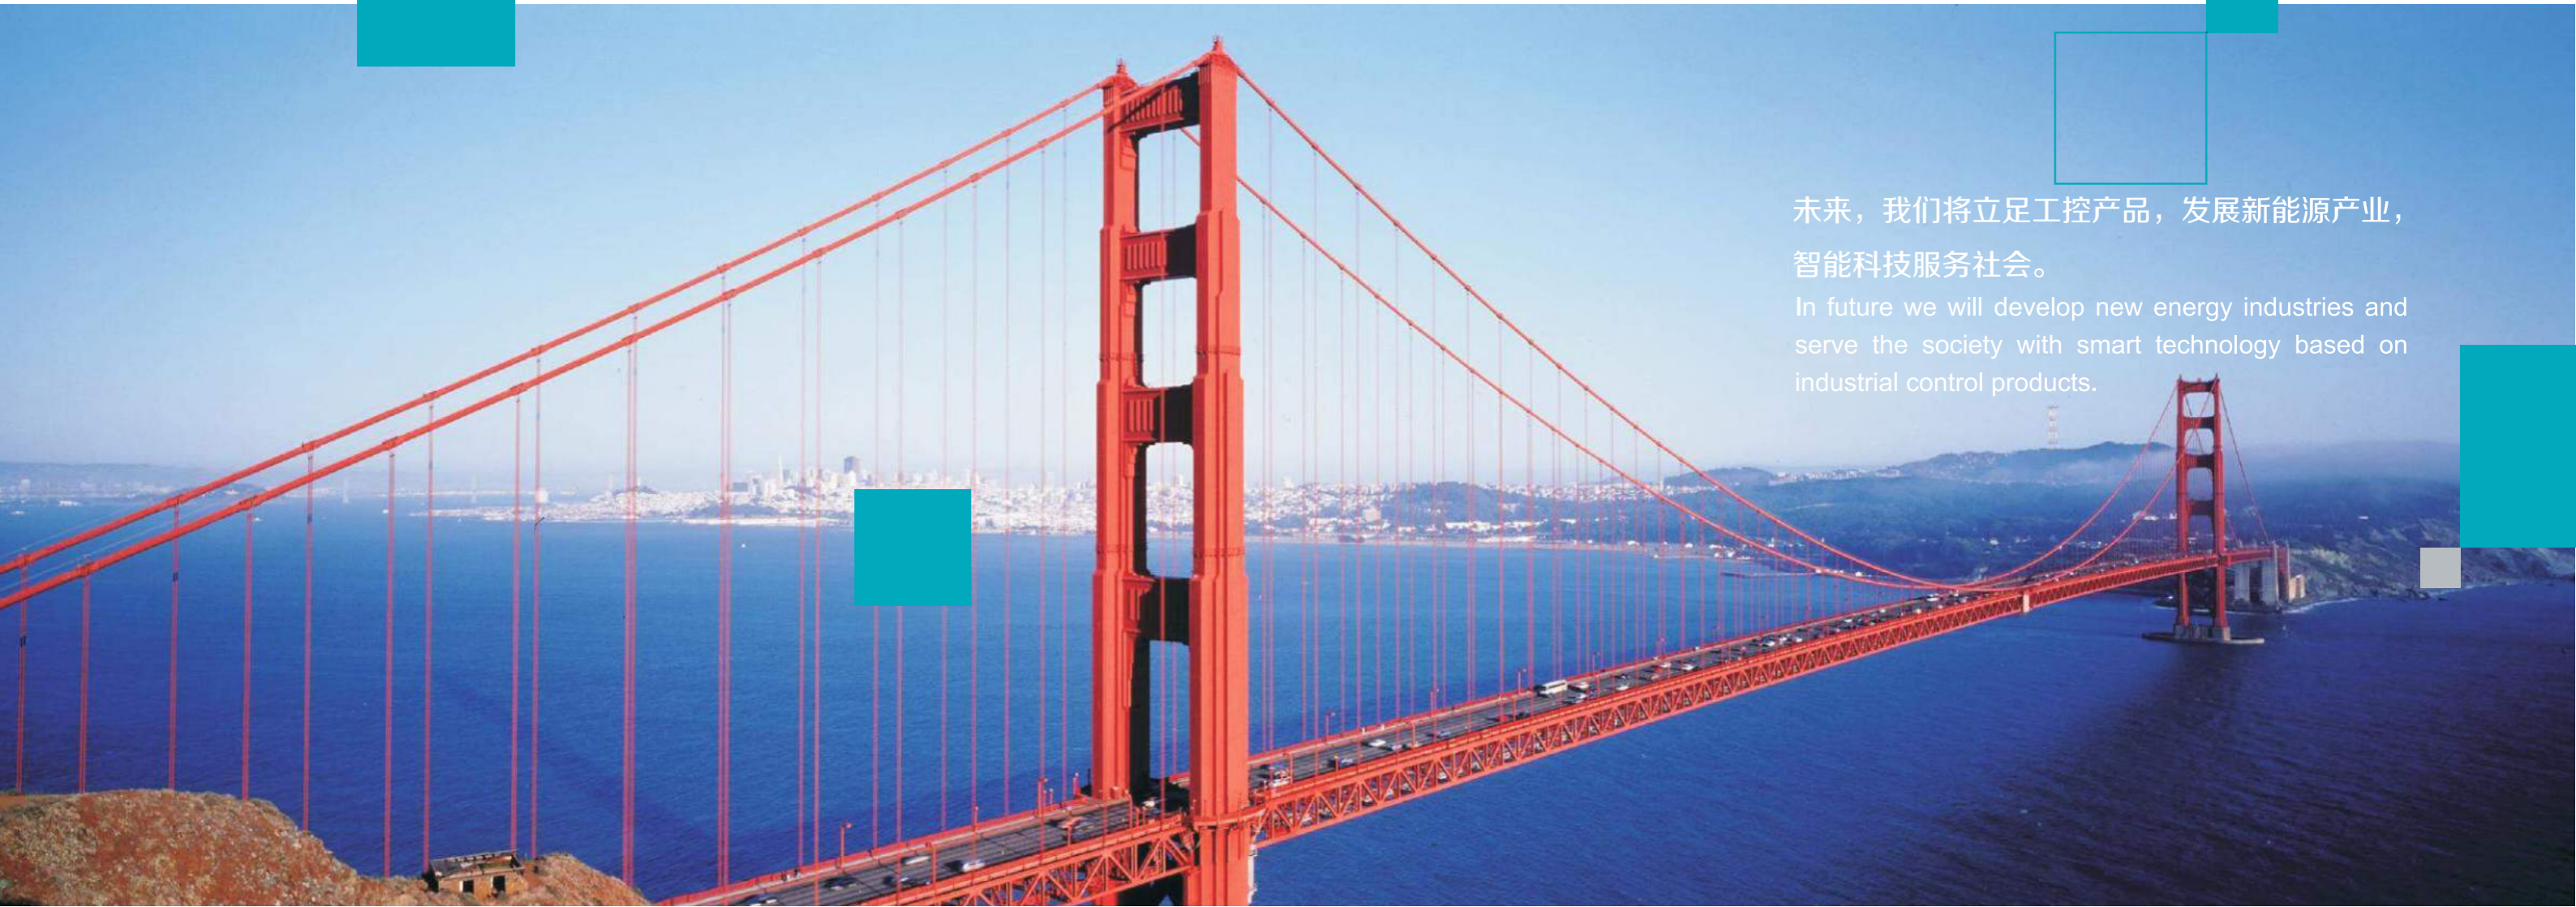

成功案例  
Successful Cases

公司产品广泛应用于石油、化工、陶瓷、起重、机床、金属制品、电缆、塑胶、印刷包装、纺织化纤、冶金、煤矿、市政等行业。

Products widely used in petroleum, chemical, ceramics, lifting, machine tools, fabricated metal products, wire and cable, plastic, printing and packaging, textile and chemical fiber, metallurgy, coal and other industries.

未来，我们将立足工控产品，发展新能源产业，  
智能科技服务社会。

In future we will develop new energy industries and  
serve the society with smart technology based on  
industrial control products.
